Formulary Changes effective 07/01/24:

Medications Removed from Formulary

Therapeutic category	Medication	Alternative Medication
Anti-TNF-alpha - Monoclonal Antibodies	Humira	Hyrimoz (adalimumab-adaz)* Hadlima (adalimumab-bwwd)* adalimumab-adaz*
Anti-TNF-alpha - Monoclonal Antibodies	Amjevita	Hyrimoz (adalimumab-adaz)* Hadlima (adalimumab-bwwd)* adalimumab-adaz*

Patients that have an active prior authorization for Humira, that authorization will remain in place through the end of the prior authorization period on the authorization letter. Note that providers may submit a prior authorization coverage request for excluded medications for medical necessity review to the PHP pharmacy department.
